Dear Ms. Henderson,

I did have a nice weekend and a thankful Thanksgiving. I hope you too enjoyed the holiday. I have asked Sharon Clark (the person who handles my schedule) to work with David Widawsky (David is the Division Director for the Division that has the lead for the response to the Blueland petition) to identify some dates and times for a meeting with your organization and she will be following up with you shortly.

Respectfully,

Denise M. Keehner

Subject: Blueland Petition to the EPA

Dear Director Keehner,

I hope you had a nice weekend and a happy Thanksgiving. My name is Natalie Henderson and I'm the chief of staff at Blueland. Two weeks ago we sent a petition to the EPA on behalf of Blueland, Plastic Pollution

Coalition, and 15 other non profit organizations. Since we shared our petition, we've amassed over 15,000 signatures from our community during the EPA to consider testing PVA. As a next step, I wanted to reach out to your office to see if we could meet to talk through the petition and research and next steps. We're eager to work with the EPA as we see this as such an important issue in plastic pollution.

Thank you,

Natalie
